Into the Wild

Escape the Boardroom, Unleash Your Team's Wild Side!

Tired of predictable team-building workshops that leave your team yawning? It's time for a adventurous change of scenery and a dynamic boost in team performance.

Plantasia Tropical Zoo invites you to experience a truly unique team-building adventure that's anything but ordinary.

The Perfect Blend of Fun, Productivity & ROI

At Plantasia, we believe that the most effective team-building happens when people are having fun. Our immersive environment and engaging activities create lasting memories – and deliver tangible results for your team's performance.

Invest in your team's future by choosing a corporate activity that's as unforgettable as it is impactful.

Why Choose Plantasia's Into The Wild Adventure?

We understand the challenges facing modern teams: stress, burnout, communication breakdowns, and stagnant creativity. Our immersive, three-stage experience is scientifically designed to tackle these issues head-on:

1

1. Reconnect & Recharge:

Leave the fluorescent lights behind and immerse yourselves in nature's calming embrace. Our animal handling and wellbeing workshop will help your team de-stress, improve focus, and reignite their passion for collaboration.

2

2. Strategize & Innovate:

Put your problem-solving skills to the test with a high-energy strategy game that reveals your team's strengths and weaknesses. Learn how to leverage each other's talents to overcome challenges and achieve shared goals, while also observing and assessing leadership potential in a dynamic, interactive environment.

3

3. Collaborate & Escape:

Embark on a thrilling adventure through our tropical zoo as you race against the clock to solve puzzles, decipher cryptic clues, and escape the world's largest escape room. This exhilarating challenge will strengthen bonds, improve communication, and ignite your team's sense of adventure.

And to top it all off, enjoy a relaxed social mixer with food and drinks to foster camaraderie and celebrate your accomplishments!
